Why AOL?

What our members say . . .

"As a long time member of AOL, at least 4-5 years, I feel I must write and tell you how helpful and friendly your staff are. I must now also thank you for providing an 0800 free access phone number for my price plan. Keep up the good work, you are miles in front of the competition."

Julian Jacobs

". . . AOL was my second ISP and I have remained with you ever since, despite trying almost all of the others on the way. My wife likes your interface and has consistently found you to be simple and easy to use."

Bob Callard

and the Press . . .

"With the recent launch of its 'Off Peak All The Time' pricing... AOL is better value than ever...AOL has long been a favourite with Net users for its ease of use and wide-ranging content."

Favourite Pay ISP - The Practical Internet Awards 2000

"Of them all, AOL is the best of the online services – it has bags of content, is attractively presented, easy to use and has a built in parental control system that's second to none."
